Jennifer,

**Ex. 5 Deliberative Process (DP)**

**Ex. 5 Deliberative Process (DP)** in about 2004, DuPont and several other corporations using PFOA or PFOS entered into consent agreements with EPA to phase out the use of the compounds. DuPont/Chemours has completely eliminated emissions of PFOA from their Washington Works facility. Prior to the elimination of use of PFOA, DuPont had incorporated the use of state-of-the-art scrubbers to significantly reduce the air emissions of the compound.
